

REMARKS/ARGUMENTS

Responsive to the Notice of Drawing Inconsistency with Specification mailed February 14, 2005, the specification of the above-identified application has been amended to correct the inconsistency. In particular, the specification has been amended so that the Brief Description of the Drawings includes a description of Fig. 4F, which was previously omitted even though Fig. 4F is present in the application.

Respectfully submitted,

Date: February 23, 2005
